

Bismarck Airport Reviews

Bismarck Municipal Airport (IATA: BIS, ICAO: KBIS, FAA LID: BIS), also known as Bismarck Airport, is a public use airport serving Bismarck, a city in Burleigh County, North Dakota, United States.

The Bismarck Airport is owned by the City of Bismarck and located three nautical miles (6 km) southeast of its central business district. It is included in the National Plan of Integrated Airport Systems for 2011-2015, which categorized it as a primary commercial service airport.

A new \$15 million terminal designed by Tvenge Associates opened at the airport in May 2005. The previous terminal was in use for over 40 years with a two-story addition being built in 1982, and was demolished during the summer of 2005. A parking lot sits just south of the new Bismarck Airport terminal.
