

San Jose Mineta Airport Reviews

San Jose Mineta Airport also known as Norman Y. Mineta San Jose International Airport (IATA: SJC, ICAO: KSJC, FAA LID: SJC) is a city-owned public airport in San Jose, Santa Clara County, California.

The San Jose Mineta Airport is named for San Jose native Norman Mineta, Transportation Secretary in the Cabinet of George W. Bush and Commerce Secretary in the Cabinet of Bill Clinton. The name also recognizes Mineta's service as a Councilman for, and Mayor of, San Jose. It is a U.S. Customs and Border Protection international port of entry. It is two miles northwest of Downtown San Jose near the intersections of U.S. Route 101, Interstate 880, and State Route 87. The dominant carrier is Southwest Airlines with Alaska Airlines as the second largest. The airport has free Wi-Fi in all terminals.

San Jose Mineta Airport's new consolidated parking and rental facility, CONRAC, has been fitted with new public art featuring hands of people in Silicon Valley. The art is on the outside of the facility and can be seen from more than one mile away. Artist Christian Moeller designed the new "Hands" mural.

The San Jose Mineta Airport terminal earned a LEED Silver certification from the U.S. Green Building Council in 2010 in recognition of the airport's significant commitment to environmentally sustainable design and construction.
